A PREMIER EXPO ON GRAIN & GRAIN ALLIED TECHNOLOGY

Leading Exhibition on Corn, Wheat,
Sugarcane, Barley, Sorghum, Millet, Flour,
Rice, Pulses & Soybeans, Feed, Milling
Technology, Processing & Packaging,
Storage, Additives and Allied Grain Industry.

INTERNATIONAL EXHIBITION & CONFERENCE

11 12 13 JUNE 2025
KICC, NAIROBI, KENYA

WWW.GRAINTECHAFRICA.COM

GRAINTECH AFRICA 2024 HIGHLIGHTS

Graintech Africa 2024 featured an expansive exhibition showcasing cutting-edge technologies, innovative Grain & Grain Allied practices, and solutions aimed at enhancing productivity and sustainability in farming. The exhibition provided a dynamic platform for networking, knowledge sharing, and fostering strategic partnerships.

The 4th edition of Graintech Africa and the concurrent 9th DLP Expo Africa & 9th Agritec Africa added more value to the experience of all our participants. This comprehensive approach provided attendees with a holistic and comprehensive insight into the latest advancements and trends in the wider Grain & Grain Allied sector.

IMPORTANT FACTS & FIGURES

MAJOR EXHIBITORS FROM

CONTRIBUTION OF EXHIBITIONS IN IMPROVEMENT OF TRADE & TECHNOLOGY IN GRAIN SECTOR IN AFRICA

- Radeecal Communications is a pioneer in the industry where corporate level of exhibitions is the concern. In the history of exhibitions after the successful story of Agritec Africa (An International Exhibition on Agriculture Technology) we are all set to come up with the 5th edition of Graintech Africa (An international Exhibition on Grain and Grain Milling technology) after a grand success of the last one.
- A Grain Technology advancement oriented exhibition & conference is to be held on 12, 13& 14 JUNE, 2024 at Nairobi.
- Some East African countries like Kenya, Zambia and Ethiopia needs great attention on Trade platforms to get investment for the development to improve the grain producibility & Mobility.
- Africa is lacking of the proper infrastructure for the growing need the grain industry, and such kind of platform gives great exposure to the industry to grow to the international level.
- Africa has great potential to grow huge amount of grain to meet international requirement as well as it needs proper processing technology to deliver results in time. There for this kind of opportunity can give great support to expand and enhance their businesses resulting maximum outcome during the event.

GLIMPSE OF GRAINTECH AFRICA 2024

EXHIBITORS PROFILE

- ✦ Corn, Sugarcane, Wheat, Barley, Sorghum, Flour, Rice, Pulses & Soybeans Processing Plants
- ✦ Grader And Gravity Separator Machine
- ✦ Various Technology Separators
- ✦ Various Capacity Seeds Processing Machine
- ✦ Cleaning Plant & Machine
- ✦ De-stoner Machine
- ✦ Vertical/ Double Bucket Elevator
- ✦ Bins For Material Fed
- ✦ Vertical Surface Moisture Dryer
- ✦ Needle Sorter Machine
- ✦ Vegetable Seed Extraction Machine
- ✦ Finns Blower & Wheel Blower Systems
- ✦ Insurance, Financial & Banking Sectors
- ✦ Crushing, Extraction & Feed Plant
- ✦ Oil Derivatives & Dry Fractionation Plants
- ✦ Cleaning, Hulling & Polishing Machines & Equipment
- ✦ Grain & Material Handling Equipment
- ✦ Vibro Separator, Screen & Shifter Machines And Equipment
- ✦ Grain Quality & Analysis Lab Equipment
- ✦ Various Silo And Storage Systems
- ✦ Various Silo And Storage Systems
- ✦ Temperature & Humidity Detector & Controller System
- ✦ Dust Control & Collection Systems
- ✦ Yield Optimization & Automation Systems
- ✦ Grinding & Screening Machines And Equipment
- ✦ Paddy Parboiling Plant
- ✦ Flour Auxiliary Machine & Accessories
- ✦ Milling Process Equipment
- ✦ Grain & Flour Packing, Sewing & Closing Machine
- ✦ Grain & Flour Labeling Technology
- ✦ Abrasive Wheel & Equipment
- ✦ Sorting Machine (color, Size, Shape & Quality)
- ✦ Grain Density And Moisture Analyzing System
- ✦ Fan Gravity Separator Machine
- ✦ Seed/grain Dryer Machine
- ✦ Turnkey Project (rice Mill)
- ✦ Rice Mill Machinery
- ✦ Milling Automation Solution Providers
- ✦ Scales And Weighing Equipment

VISITORS PROFILE

- ✦ Farmers & Agri Entrepreneurs etc.
- ✦ Agriculture Commodity trading firms
- ✦ Grain Processing Companies
- ✦ Food Processing Companies
- ✦ Extracts & Biproduct Manufacturers
- ✦ Importers and Exporters of
- ✦ Agri Commodity
- ✦ Owners, Directors & Chief Officers of Mills and Plants
- ✦ Authorities of Food & Food Produce companies
- ✦ Brand and Marketing Managers
- ✦ Companies of Dehydration sectors
- ✦ various countries' bilateral Chamber of Commerce
- ✦ Agents & Distributors
- ✦ Whole sellers
- ✦ Mill Operators
- ✦ Processing Professionals
- ✦ Value-Added Commodity companies
- ✦ Govt. Departments /Promotion Bodies /Associations/ NGO's
- ✦ Warehouse Owners
- ✦ Transportation & Logistics officials
- ✦ Ingredient & Nutrient Product producers
- ✦ Refined & Raw Product Producers
- ✦ FMCG Goods Producers
- ✦ And Many sector related producers & Service providers

STALL PARTICIPATION COST

PREFABRICATED SHELL SCHEME

USD 325 PER SQM

Standard Stand construction package includes :

- ✦ Side walls, fitted in standard booth system frame.
- ✦ Fascia board with company name and stand number in standard lettering.
- ✦ 1 table and 2 chairs.
- ✦ Electric supply of 5 amp plug point.
- ✦ Company delegates entry to the exhibition.
- ✦ Waste basket.
- ✦ General cleaning of aisles.
- ✦ Pavilion security during the exhibition.
- ✦ Entry to the exhibition catalogue and website.

RAW SPACE

USD 300 PER SQM

Raw space package includes :

- ✦ Floorspace.
- ✦ Entry to the Exhibition Catalogue & Website.
- ✦ Company delegates entry to the exhibition.
- ✦ Pavilion security during the exhibition.
- ✦ General cleaning of aisles.

50% is the booking amount which is non refundable.

Air Travel, Accommodation and local transportation are not included in cost.

REGISTRATION FEES: USD 150/ COMPANY

WHY IN KENYA?

- The Kenyan Government has announced its Big 4 Agenda, with Food Security as one of the key strategies, to be implemented over the next 4 years.
- Kenya has dealt with numerous post-harvest losses due to poor grain handling, including poor storage and poor sanitation, and thus the Government is encouraging the private sectors to come up with various technologies to improve their current situation.
- Kenyan Government earlier came up with "Vision 2030" which will bring in huge investment opportunities for the companies worldwide.
- The Economy of Kenya is largest by GDP in East and Central Africa and USDA forecasts an increase in Kenya's corn, wheat and rice production in consecutive way.
- The Government will invest in generating data to improve knowledge management for private sectors as they would require data on gaps, such as areas with highest post-harvest losses, causes of those losses and so on to develop appropriate solutions.
